PVC SOLVENT CEMENT

PVC solvent cement is a type of adhesive used for joining PVC (polyvinyl chloride) pipes and fittings. It is commonly used in plumbing, irrigation, and other applications where PVC piping is utilized.

TUBE / TIN

CPVC SOLVENT CEMENT

CPVC solvent cement is similar to PVC solvent cement but is specifically designed for joining CPVC (chlorinated polyvinyl chloride) pipes and fittings. CPVC is a thermoplastic polymer that is chemically resistant and often used for hot and cold water distribution systems in residential and commercial buildings.
